The Intangible Touch Integrative Massage

2008

*Come & nurture yourself.
Relax & rejuvenate with a
Creative & compassionate
blend of Oriental, Western,
& energy work techniques.*

Raphael, Archangel of the west, opens the seasonal gateway to Autumn on the fall equinox, Sept. 22nd.

Autumn brings to life a clarity, an awareness of the ever-changing continuity of mother earth, of nature, & of our own transitions. It encourages us to understand our interconnectedness, & the rhythms & synchronicities of life. It is a time for harvesting the fruits of our efforts, as well as grieving & releasing our losses with gentle forgiveness.

In our fast paced society, we don't always find it easy to follow the ebbs & flows of nature's tide. Throughout the seasons of our lives, we need the nurturing healing that being fully in the present moment provides... the pause that creates the sacred space where body, mind, emotions, & spirit connect. This balance allows us to rejuvenate on all levels of being. Massage, Hot Stone Massage, EMF Balancing & Ear Coning sessions can help bring that healing & relief we seek.

The Intangible Touch invites you to experience the creative art of healing ... awaken your senses & sense of Self?

**Philosophy : I believe in the power of touch & intent. I sincerely desire to help you obtain the balance & well-being that you seek. On this journey of life, we are all interconnected, & are all teachers & students. I welcome the opportunity to share & to learn from you! Namaste' Jane*
